CENTURY PLYBOARDS FIRST AMONG THE BEST

Century Plyboards (India) Ltd. (CPIL) - the first ISO 9002 Company in India for plywood and veneers - started its operations in 1986. CPIL also received its ISO 14001 Certification in 2004. Formed by Mr. Sajjan Bhajanka and Mr. Sanjay Agarwal, the Company has created a niche for itself and is the market leader in this sector. CPIL has its manufacturing units at Kolkata, Chennai, Guwahati, Karnal, Kandla & Myanmar. It manufactures the entire range of commercial, marine, shuttering and decorative plywood. Other products are Laminates, Veneers, MDF, PRELAM, Face-veneers, Flush Doors, Exterior Grade Laminates, Furniture & Modular Kitchens.

KULMOHAN SINGH

TRILOCHAN SINGH

Construction World', one of the most definitive business journals, has adjudged it as, "the Fastest Growing Company with the Highest Turnover" five times, for the years 2003, 2005, 2006, 2007 and 2008. As the pioneers in Borer Proof Plywood and Boiling Water Resistant (BWR) the company, has created a niche in the highly competitive lifestyle segment.

In the journey towards the path of growth, Century Plyboards (India) Ltd. introduced BWR grade Decorative Veneers in the year of 1999. Veneers are very technical and are low consumer involvement products before commencement of work. The natural veneer collection of Century Veneers called 'Natzura Woods' consists of a fascinating range of decorative natural veneers handpicked from exotic forests of Europe, South East Asia, Africa & the Americas. Our Reconstituted Veneers named as 'Senzura Styles' are made from fast growing species of wood & the designs are imparted to the wood by man-made techniques

While choosing veneers, the architect / interior designers play a very important role in suggesting the product as an option. Century Veneers works constantly with these architects & interior designers to facilitate them with new and innovative designs. One such esteemed partner of Century Veneers is Mr. Kulmohan Singh and Mr. Trilochan Singh from Badshah Group of Delhi. Having an association 7-8 years with Century Ply, the Singh Brothers have used Century Ply products in almost all of their projects. According to Mr. Trilochan Singh the reason for choosing Century Veneers is "It best suits the need of my clients which range from Professional to businessman to NRI children setting up luxury living for their parents and hence opt for veneers instead of any other decorating materials. Century Veneers has offered me the variety and range that we require to suit the varied need of my customers, hence it is best fit. I have selected 356 veneers during my visit to Century Ply Joka factory at Kolkata last month also."
